California Department of Education School Accountability Report Card Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Willy Haug, Principal

Principal, Hillview Middle

About Our School

Hillview Middle School prides itself on innovation, partnering with the Stanford d.school and applying a design thinking approach to chart its course over the next five years. Our design team gathered information from crucial stakeholders to create a master schedule that - among other outcomes - expanded elective options, introduced a modified block schedule that allowed for deeper learning experiences, and created a week-long spring mini-course session where students explore such topics as coding, auto mechanics, rocketry, and scuba diving. These and other efforts earned Hillview California Gold Ribbon School Status in 2015. Hillview is also hard at work preparing students for their futures, implementing a school-wide 1:1 iPad program informed by such frameworks as the SAMR model. We believe strongly that tablet devices will increase engagement and provide students with the tools to work collaboratively, think critically, and create; in addition, we help our students become more efficient, productive, and responsible users of technology through a 6th grade "Digital Drivers License" program. Our 1:1 iPad program garnered Hillview Apple Distinguished School status for 2015-2017. Furthermore, Hillview is proud of its work implementing a full-fledged Response to Intervention and Instruction program. Academically, strategic and intensive interventions accelerate students to grade level, while social and emotional supports help them create strong relationships with caring adults and assist them with behavior management. Finally, Hillview has made great strides in the way we respond to serious disciplinary issues. Our well established Restorative Justice program has reduced the number of suspensions to nearly single digits, down from triple digits just four years ago.

School Description and Mission Statement - Most Recent Year

Hillview Middle School, with a current enrollment of approximately 900 students, is the single middle school for sixth through eighth grade students in the Menlo Park City School District. In 2000, Hillview was recognized by the United States Department of Education as one of the nation's Blue Ribbon Schools. In 2009 Hillview was named a California Distinguished School for the eighth time, making it the most frequently named school in the history of the California School Recognition Program. The school staff includes 53 full or part-time teachers, 2 full-time counselors, 2 part-time librarians, 7 full- or part-time paraeducators/instructional aides, 7 classified staff, 1 assistant principal, 1 associate principal, and 1 principal. The student body is approximately 65% white and 35% minority, with Latinos/Hispanics, Asians, and Mixed Race the largest minority groups. The Hillview community values education very highly, which is reflected in daily attendance rates of over 96% of our students present on an average daily basis. The goals of middle-level education in Menlo Park are to maintain a strong educational program, meet the needs of preadolescent students, and prepare them for the rigors of high school. To that end, Hillview students are assigned to an Academy each of their three years. These "small learning communities" consist of one teacher each in the subjects of Language Arts, History, Mathematics, and Science. In the 6th grade, however, math teachers are also part of the academy, and 6th graders have one "humanities core" teacher who serves as a two-period home base to assist with the transition to middle school. We have three academies per grade level, for a total of nine. The nine academies all have the same rigorous expectations in the core curricular areas of language arts, mathematics, social science, and science, and each academy teaches the same course content, incorporating state-mandated standards and district benchmarks in each subject area. Teachers are also divided into grade/subject level teams called Professional Learning Communities (PLCs). Teachers are given time in the day to collaborate as an Academy or PLC Team. In these environments, teachers are better able to work together to assist students who may need extra help and support, collaborate on Common Core curricula, and meet with parents to address the academic, social, and emotional needs of students. All students are expected to meet or exceed the same high learning standards at Hillview. Our Response to Intervention and Instruction program meets students where they are academically or socially/emotionally and supports and accelerates them toward success.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School		District	
	2013-14	2014-15	2015-16	2015-16
With Full Credential	51	54	54	180
Without Full Credential	0	0	1	1
Teachers Teaching Outside Subject Area of Competence (with full credential)	0	0	1	3

Last updated: 1/5/2016

Teacher Misassignments and Vacant Teacher Positions

Indicator	2013-14	2014-15	2015-16
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English learners.

School Facility Conditions and Planned Improvements - Most Recent Year

In 2006, the community approved a \$91.1 million bond measure to improve district facilities. As part of the Bond program, the school District decided to replace the existing facility with new facilities on the existing field and convert the current building area to a new field. The new state-of-the-art campus was completed and opened in September 2012 with the field being completed in March 2013. The new school includes 48 teaching spaces including a gym building, performing arts building with music classrooms, specialized science classrooms, library, administration, and support space. The school includes a large new synthetic field with a running track and blacktop area for basketball and other physical activities.

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the Director of Maintenance and Operations and the site Principal conduct an annual walk-through to identify and prioritize necessary maintenance projects.

The District maintenance staff keeps the school in good repair and working order by completing necessary tasks in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning standards for all schools in the district have been established. The principal and Director of Maintenance and Operations work closely with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The District annually sets monies aside for long term maintenance projects. For the 2014-15 budget the district set aside \$580,000 district wide to cover roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems upgrades. The district's complete maintenance plan is available at the district office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

California Assessment of Student Performance and Progress Results for All Students (School Year 2014-15)

Subject	Percent of Students Meeting or Exceeding the State Standards		
	School	District	State
English Language Arts / Literacy (grades 3-8 and 11)	80%	82%	44%
Mathematics (grades 3-8 and 11)	76%	79%	33%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes (--) appear in the table when the number of students tested is ten or less.

English Learners	349	6	1.7%	--	--	--	--
Students with Disabilities	349	22	6.3%	45.0%	27.0%	14.0%	9.0%
Students Receiving Migrant Education Services	0	0	0.0%	0.0%	0.0%	0.0%	0.0%
Foster Youth	--	--	--	--	--	--	--

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

* Level 1 = Standard not met
 Level 2 = Standard nearly met
 Level 3 = Standard met
 Level 4 = Standard exceeded

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement - Most Recent Year

Community support for Hillview is demonstrated in many ways. Back-to-School night and Open House routinely draw the parents of almost all of our students. The Hillview PTO, with membership of more than 70% of our families and teachers, raises thousands of dollars for school programs, contributes over a thousand hours of volunteer time, runs an extensive after-school sports program, organizes weekly hot food days for students, sets up frequent parent network meetings, and makes many other contributions. The Hillview Site Council is responsible for overseeing and approving the School Improvement Plan and manages its annual budget for enhancement of the school site and curriculum.

Additionally, parents volunteer to teach lessons in our character education program, serve as outside editors to our young writers, chaperone dances and field trips, and assist in the school library.

Hillview receives additional program support from local universities, the Menlo Park Police, Fire, and Recreation Departments, and other local organizations. Special mentor relationships between Hillview students and community members are arranged by our counselors.

Finally, our Mini-Course program involves not only a core team of parents to help plan and organize the various course offerings, but many parents serve as outside experts who share their experiences with students or welcome them into their work places for in depth explorations.

State Priority: Pupil Engagement

Last updated: 1/5/2016

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

Rate	School			District			State		
	2012-13	2013-14	2014-15	2012-13	2013-14	2014-15	2012-13	2013-14	2014-15
Suspensions	6.2	1.2	0.0	1.9	0.4	0.0	5.1	4.4	3.8
Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

School Safety Plan - Most Recent Year

The Menlo Park City School District incorporates requirements of all legislative mandates into a single Emergency Preparedness Plan that is updated annually. The principal manages the Site Emergency Plan that coordinates concerns of parents, students and staff for the safety and welfare of all. The Site Emergency Plan is reviewed and revised annually and appropriate drills and training are provided to help all persons become familiar with their responsibilities. Emergency preparedness also includes close cooperation and planning with police, fire, civic emergency agencies and school/parent groups.

Types of Services Funded (Fiscal Year 2014-15)

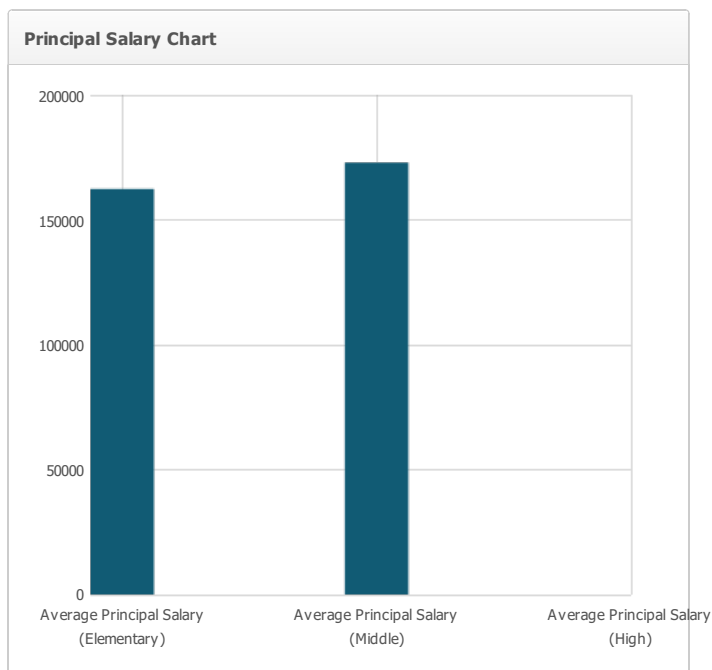

With our funding resources, schools are provided support teachers and staff to meet a variety of student needs. We have support teachers for English language Development and Reading. Music Teachers, and full time Teacher Library Specialists, and Science Aides enhance our instructional Programs, and we also have robust Student Support services including speech and language specialists, resource specialists, psychologists, school counselors, and nursing. Core textbooks are purchased with district funds and state funds, and monies raised by the PTO supplement instructional materials and supplies. We are constantly working to increase the amount and quality of technology in our schools.

Professional Development – Most Recent Three Years

The District values professional development of teachers and administrators as an ongoing process of professional growth and learning for the individual, and as a tool for increasing student achievement. Professional development opportunities provided by the District include three staff development days, and three collaborative planning days. Professional Learning is also provided through attendance at workshops, courses and conferences by individual teachers, opportunities for collaborative planning and curriculum development on early release days, and professional learning community work to analyze data and plan for instruction. This year, in addition to local and out-of-state off-site conferences, we our teachers developed and delivered workshops to their peers, thereby sharing and growing their expertise, especially in the area of instructional technology.
