#### School Description and Mission Statement

This section provides information about the school's goals and programs.

Oak Knoll School, located 40 miles south of San Francisco in the city of Menlo Park, is one of the four schools in the Menlo Park City School District. Enrollment is approximately 600 students in Kindergarten through Grade 5.

The school staff includes 32 regular education teachers, one librarian, one special education teacher, two Reading Specialists, one Resource specialist, one Speech and Language specialist, an art, music, and a PE teacher, and two administrators. Part-time staff includes psychologist and nurse services, and a part-time teacher for music. The staff is supported by a school secretary, two clerks, and twelve classroom aides.

Oak Knoll has a small minority population: 20% of the total student body. The Oak Knoll community values education, and therefore, less than 1% of our students are absent without excuse daily.

Oak Knoll School is dedicated to providing a quality educational program for all students. It is our mission to inspire students to achieve at high levels and to investigate questions of interest. It is our goal to create a school where children are inspired: inspired to learn, inspired to create, inspired to learn about each other, inspired to change the world, inspired to take risks. We wish to create a school where learners are continually awed by the wonder and joy of learning. Oak Knoll is a school where teachers are in love with their children and in love with the process of education. Oak Knoll values excellence, compassion, cooperation, creativity, love, determination and joy.

## Opportunities for Parental Involvement

This section provides information about opportunities for parents to become involved with school activities.

Parents regularly volunteer at Oak Knoll School to provide teacher instructional support and to coordinate special projects and activities planned by staff or by the Parent-Teacher Association. Back-to-School and Open House evenings draw 90-95% of our parents.

PTO membership is over 95%. Through annual family events such as the Family Feasts, and weekly projects such as Hot Food Days, the PTO provides for community involvement in the school, and contributes thousands of dollars yearly to support school programs. An after school sports program in basketball is coordinated by the PTO.

Community organizations provide support for Oak Knoll. The Menlo Park Police Department cooperates with staff in presenting safety and drug information to students. The Menlo Park Fire Department makes safety inspections, conducts monthly fire drills, and instructs students in fire safety.

Oak Knoll supports its community through its service squads and the Caring & Sharing Committee of the PTO. Students participate in food/clothing drives, Earth Day celebrations, paperback book drives, and recycling. The students participate in a yearly Jump for Heart program for the Red Cross.

## II. School Climate

### School Safety Plan

This section provides information about the school's comprehensive safety plan.

The Menlo Park City School District incorporates requirements of all legislative mandates into a single Emergency Preparedness Plan that is updated annually. The principal manages the Site Emergency Plan that coordinates concerns of parents, students and staff for the safety and welfare of all. The Site Emergency Plan is reviewed and revised annually and appropriate drills and training are provided to help all persons become familiar with their responsibilities. Emergency preparedness also includes close cooperation and planning with police, fire, civic emergency agencies and school/parent groups.

### School Discipline Practices

This section provides information about the school's efforts to create and maintain a positive learning environment, including the school's use of disciplinary strategies.

The Oak Knoll School discipline plan was developed by principal and staff, and is based on the premise that the policies must augment student cooperation and effective growth of self-control. The school handbook contains the general playground rules. Individual teachers develop classroom standards for their students. Oak Knoll supports recognition activities which encourage positive student efforts. Every classroom has a Student-of-the-Week activity, and awards for perfect attendance are given out yearly. All students participate in projects planned by the Student Support teacher and student service squads, including peer tutoring, beautification projects, conflict resolution, and school assemblies. The Menlo Park City School District values small class size. Oak Knoll Kindergarten classes average 20 students. Oak Knoll School participates in the K-3 State class size reduction program. First, second, and third grade classes are at 20:1 levels. The 4th and 5th grade classes average 24 students. Each class, K through 3, has a 1 1/4 hour classroom aide.

Oak Knoll has one Special Education Class, with 11 students in grades 3 and 4. The class has a full-time teacher and a 6 hour aide. Special Education classes follow the District core curriculum.

## III. School Facilities

### School Facility Conditions and Improvements

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Oak Knoll School has 32 classrooms, a multipurpose room, a library, and an administration building. The main campus is approximately 50 years old. A major renovation of the facility was completed in 2001 thanks to a \$22 million bond measure approved by the community to upgrade all district facilities. As a result, all classrooms are wired for internet, phone, and cable TV.

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the Director of Maintenance and Operations and the site Principal conduct an annual walk-through to identify and prioritize necessary maintenance projects.

The District maintenance staff keeps the school in good repair and working order by completing necessary tasks in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning standards for all schools in the district have been established. The principal and Director of Maintenance and Operations work closely with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The District budgets and transfers 0.5% of the general fund budget to the deferred maintenance program annually. The district's complete deferred maintenance plan is available at the district office.

## Types of Services Funded

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Our school program is supported through varied funding sources. The district's 2004-2005 funding came to approximately \$10,000 per student, which includes financial support from the Menlo Park-Atherton Education Foundation. Oak Knoll's educational programs and resources were also enhanced with support from PTO and SIP funds. In November 1995, the community renewed a parcel tax for eight years to maintain class size and support academic programs. Additionally, a \$22 million bond measure was approved to upgrade all district facilities. In April 2000, the local community approved a new \$298 per year parcel tax. These funds are being used to reduce class size ratios; provide extra support for students; enhance programs in art, music, physical education and middle school electives; expand learning opportunities for teachers; and continue to implement the district's Technology Plan.

## IX. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks -- Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2003-04	2004-05	2005-06
Statewide	10	10	10
Similar Schools	7	8	5

### API Changes by Student Group -- Three Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			API Score

### State Award and Intervention Programs

This section will contain information about the school's participation in various state intervention and award programs only to the extent these programs were funded for the period addressed by this report.

*Although state intervention and awards programs are currently in the California Education Code, the programs were not funded for the period addressed by this report. Therefore, there are currently no data available to report.*

### Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

### AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	No	Yes
Participation Rate - Mathematics	No	No
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	N/A

### Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that

they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

## X. School Completion and Postsecondary Preparation

**No data are available for this section**

## XI. Instructional Planning and Scheduling

### School Instruction and Leadership

This section provides information about the structure of the school's instructional program and the experience of the school's leadership team.

Oak Knoll provides a broad based, high quality education for all its students. Leadership is provided by the principal through the Site Council, the faculty, and the PTO. Teachers are integral to the school leadership, providing evaluation and assistance through Site Council representation, staff meeting attendance, and direct help and advice to the principal.

The four principals in Menlo Park meet weekly with the Superintendent, the Assistant Superintendent, the Business Manager, and the Director of Special Services, to discuss, evaluate, and plan instructional programs at the schools. Principals at each site meet monthly with the Site Council, composed of parents and teachers, which supports school planning and evaluation of program. This year at Oak Knoll, the Site Council goals included providing inservice, materials, and classroom aides to support instruction in language arts, math, PE, and science. Oak Knoll School has a child study team which meets bimonthly to evaluate and plan for referred students. The principal and the specialists observe the child, interview and complete diagnostic teaching with the child, and then the child study team recommends classroom modifications, specific learning strategies, and possible further testing for Special Education services. The reading specialists, resource specialist, and the part-time psychologist are available to assist staff, students, and parents. Other specific assistance is available for staff: two support teachers to assist students learning to speak English or who need extra help, a Speech & Language Specialist, and programs for identified GATE (Gifted and Talented) students.

### Professional Development

This section provides information about the program for training the school's teachers and other professional staff.

The District values professional development of teachers and administrators as an ongoing process of personal growth and learning for the individual, and as a source and stimulus for increased students growth and achievement. Professional development opportunities provided by the District include Staff Development Days, attendance at workshops, courses and conferences by individual teachers, opportunities for collaborative planning and curriculum development, and systematic programs of observation and analysis of teaching. The Site Council also supports staff development programs with SIP funds. A Differentiated Instruction Leadership Team has been established to continue advanced training and lead efforts to learn about instructional strategies to address the needs of learners of all abilities.

All first and second year teachers throughout the district participate in the Beginning Teacher Support and Assessment (BTSA) program, a state-funded, standards-based program that provides support through mentoring, training, and evaluation. A veteran teacher Advisor provides coaching for all new teachers in the district.

### Instructional Minutes

This table displays a comparison of the number of instructional minutes offered at the school to the state requirement for each grade level.

### **Minimum Days in School Year**

This section provides information about the total number of days in the most recent school year that students attended school on a shortened day schedule and the reasons for the shortened day schedule.

There were six minimum days in the 2005-06 calendar. Four were used for parent-teacher conferences. Two were negotiated by contract: the day before Thanksgiving and the last day of student instruction in June.
