The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the SARC Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school's goals and programs.

Encinal School is located on the peninsula, approximately 35 miles south of San Francisco. Encinal is one of the four schools in the Menlo Park City School District with an enrollment of approximately 395 students in grades 3-5.

The school's mission statement is: Encinal provides an enriched, challenging learning environment where students are actively engaged in the development of knowledge, skills and attitudes to support their success as learners in a global society.

Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

Parent involvement and support for Encinal is demonstrated in many ways. Back-to-School Night and Open House routinely draw 90-95% of our parents. Parent-Teacher conferences are an integral part of the educational program, and parent volunteers provide much direct and indirect assistance to the entire program.

PTO membership is approximately 85%. The PTO provides thousands of dollars in support of many programs. A hot food lunch is organized for the students four days per week. The Family Picnics and Fine Arts Fair are "community gatherings." In addition, a cadre of parent volunteers provides classroom support by helping teachers in a mutually agreeable way on a regular basis. The Citizenship Program is in its fifth year at Encinal. These teams support the school and community in many ways: ball hut workers, student secretaries, sharing and caring community service, flag monitors, lost and found workers, sports assistants, safety patrol, student council, and school spirit leaders. Supervised by parents and teachers, these students give many hours of time to support the school program and climate.

Student Enrollment by Grade Level (School Year 2007-08)

### III. School Climate

#### School Safety Plan (School Year 2007-08)

This section provides information about the school’s comprehensive safety plan.

The Menlo Park City School District incorporates requirements of all legislative mandates into a single Emergency Preparedness plan that is updated annually. The principal manages the Site Emergency Plan that coordinates concerns of parents, students, and staff for the safety and welfare of all. The Site Emergency Plan is reviewed and revised annually and appropriate drills and training are provided to help all persons become familiar with their responsibilities. Emergency preparedness also includes close cooperation and planning with police, fire, civic emergency agencies and school/parent groups.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IV. School Facilities

Facility Conditions and Planned Improvements (School Year 2008-09)

This section provides information about the condition of the school’s grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Encinal School has 26 classrooms, a multipurpose room, an art room, a technology lab, a library and an administration building. The main campus is approximately 50 years old. A major renovation of the facility was completed in 2000, and as a result, all classrooms are wired for internet, phone and cable TV. In 2006, the community approved a $91.1 million bond measure to improve district facilities. Currently, Encinal is undergoing a major reconfiguration to become a K-5 school. New facilities are under development for grades 3-5 and a brand new state of the art kindergarten facility opened this fall. In the summer of 2008, all classrooms were outfitted with SMARTBoards to enhance instruction. For the 2008-2009 school year the District is building 18 classrooms and new multipurpose facility that are scheduled for completion in May 2010. These new classrooms will be replacing portable classrooms. Additional modernization is also planned for the existing classrooms for 2009-2010.

The Encinal campus also includes a sizable school garden. Each class maintains a plot throughout the year. A garden curriculum was developed by an Encinal teacher and community members. Garden lessons are coordinated with the California State Standards for the grade level.

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the Director of Maintenance and Operations and the site Principal conduct an annual walk-through to identify and prioritize necessary maintenance projects.

The District maintenance staff keeps the school in good repair and working order by completing necessary tasks in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning standards for all schools in the district have been established. The principal and Director of Maintenance and Operations work closely with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The District budgets and transfers 0.5% of the general fund budget to the deferred maintenance program annually. The district’s complete deferred maintenance plan is available at the district office.

School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the most recently completed school site inspection to determine the school facility’s good repair status.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2007-08)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

<table>

</tbody>
</table>

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

The District provides Encinal with a part-time teacher for limited English proficient (EL) students, GATE funds for identifying and serving gifted and talented students, and a reading specialist program for students requiring special assistance in language arts. Support also includes speech and language specialists, a resource specialist, psychologists, a nurse, and Special Education. A full-time librarian and parent volunteers staff the library. Books are purchased with district funds, state funds, and monies raised by the PTO's Book Faire. Our technology program has a computer laboratory with 27 computers, printers, a scanner, a student server, LCD projector, curriculum software, a video disk player, and other materials. Using grant money and PTO financial help, a community fundraising effort has provided every classroom with at least three Internet capable computers.

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page.

<table>
<thead>

</table>
IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the [Standardized Testing and Reporting (STAR) Results](#) Web page.

CST Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page.

API Ranks – Three-Year Comparison

This table displays the school’s statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

<table>
<thead>
<tr>
<th>API Rank</th>
<th>2005</th>
<th>2006</th>
<th>2007</th>
</tr>
</thead>
<tbody>
<tr>
<td>Statewide</td>
<td>10</td>
<td>10</td>
<td>10</td>
</tr>
<tr>
<td>Similar Schools</td>
<td>8</td>
<td>8</td>
<td>5</td>
</tr>
</tbody>
</table>

"N/A" means a number is not applicable or not available due to missing data.

"***" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" 6044135

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.

"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.
API Changes by Student Group – Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

<table>
<thead>

*** means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.
"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.
"B" means the school did not have a valid 2007 Base API and will not have any growth or target information.
"C" means the school had significant demographic changes and will not have any growth or target information.
"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.
"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The District values professional development of teachers and administrators as an ongoing process of personal growth and learning for the individual, and as a source and stimulus for increased students growth and achievement. Professional development opportunities provided by the District include Staff Development Days, attendance at workshops, courses and conferences by individual teachers, opportunities for collaborative planning and curriculum development, and systematic programs of observation and analysis of teaching. The Site Council also supports staff development programs with SIP funds. A Differentiated Instruction Leadership Team has been established to continue advanced training and lead efforts to learn about instructional strategies to address the needs of learners of all abilities.
