

Get Involved with Noteworthy Art!

Noteworthy Art is a fun tradition at Oak Knoll. Kids create their own original black & white drawing; we reduce the size and print it on sets of note cards for purchase.

Noteworthy Art kicks off the second or third week of school when the kids create their art works during a special time in their classrooms with parent helpers. Teachers will work with any child who misses the drawing session to be sure every child draws.

_____ will need _____ parent helpers in the classroom the day our class makes the pictures. Please come and help! You will be contacted in advance regarding the specific date/ time for this event. Thank you!
