INDEPENDENT AUDITOR'S REPORT

To the Board of Education and
Citizens' Bond Oversight Committee
for Measure W
Menlo Park City School District
Atherton, California

Report on the Financial Statements

We have audited the accompanying financial statements of Menlo Park City School District (the "District") Measure W Election of 2013, Series 2014 General Obligation Bonds activity included in the Building Fund of the District ("Measure W Bonds"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

(Continued)

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Menlo Park City School District's Measure W Election of 2013, Series 2014 General Obligation Bonds as of June 30, 2015, and the changes in financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present the financial activity and balances of the Measure W Election of 2013, Series 2014 General Obligation Bonds only, and do not purport to, and do not, present fairly the financial position of Menlo Park City School District as of June 30, 2015, and the changes in its financial position for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated January 4, 2016 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters for the Measure W Election of 2013, Series 2014 General Obligation Bonds activity. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Measure W Election of 2013, Series 2014 General Obligation Bonds activity. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Menlo Park City School District's internal control over financial reporting and compliance for the Measure W Election of 2013, Series 2014 General Obligation Bonds activity.

MENLO PARK CITY SCHOOL DISTRICT
MEASURE W GENERAL OBLIGATION BONDS
NOTES TO FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Menlo Park City School District (the "District") conform to accounting principles generally accepted in the United States of America as applicable to governments and to general practices within California School Districts. The District accounts for its financial transactions in accordance with policies and procedures of the Department of Education's *California School Accounting Manual*. The activities of the Measure W Election of 2013, Series 2014 General Obligation Bonds (the "Bonds") are recorded in the District's Building Fund. The following is a summary of the more significant accounting policies:

Financial Reporting Entity: The financial statements include the activity and balances of the Measure W Election of 2013, Series 2014 General Obligation Bonds only. The activities of the Measure W Election of 2013, Series 2014 Bonds are recorded along with other activities in the District's Building Fund. These financial statements are not intended to present the financial position and results of operations of Menlo Park City School District as a whole.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term liabilities, if any, is recognized when due.

Budgets and Budgetary Accounting: Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all government funds. By State law, the District's Board of Education must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's Board of Education satisfied these requirements.

The District's Board of Education and Superintendent revise the budgets during the year to give consideration to unanticipated income and expenditures.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

Accounting Estimates: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated as of June 30.

MENLO PARK CITY SCHOOL DISTRICT
MEASURE W GENERAL OBLIGATION BONDS
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – PURPOSE OF BOND ISSUANCE

Purpose of Bonds: The Menlo Park City School District, Atherton, California Measure W Election of 2013, Series 2014 General Obligation Bonds, were authorized at an election of the registered voters of the Menlo Park City School District held on November 5, 2013 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$23,000,000 principal amount of general obligation bonds of the District. The proceeds of the Bonds are being issued to renovate and expand educational facilities. The Bonds are general obligations of the District, payable solely from *ad valorem* property taxes.

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

Bond Project List: The Bond Project List lists the specific projects the District proposes to finance with proceeds of the Measure W Election of 2013, Series 2014 General Obligation Bonds. Listed repairs, rehabilitation projects and upgrades will be completed as needed at a particular school site. Each project is assumed to include its share of costs of the election and bond issuance, architectural, engineering, and similar planning costs, construction management, and customary contingency for unforeseen design and construction costs. The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. In addition, certain construction funds expected from non-bond sources, including State grant funds for eligible projects, have not yet been secured. Therefore, the Board of Education cannot guarantee that the bonds will provide sufficient funds to allow completion of all listed projects.

Bond Authorization and Issuance: In March 2014, the District issued Measure W Election of 2013, Series 2014 General Obligation Bonds in an aggregate principal amount of \$23,000,000. The Bonds bear interest at rates ranging from 2.0% to 5.0% and mature through January 1, 2039.

NOTE 3 – CASH AND INVESTMENTS

Cash and investments at June 30, 2015 consisted of the following:

Pooled Funds:

Cash in County Treasury	\$ 26,056,859
-------------------------	---------------

Pooled Funds: In accordance with Education Code Section 41001, the District maintains substantially all of its cash in the San Mateo County Treasury. The County pools and invests the cash. These pooled funds are carried at cost which approximates fair value. Interest earned is deposited quarterly to participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the District's deposits are maintained in a recognized pooled investment fund under the care of a third party and the District's share of the pool does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable state laws, the San Mateo County Treasurer may invest in derivative securities with the State of California. However, at June 30, 2015, the San Mateo County Treasurer has represented that the Pooled Investment Fund contained no derivatives or other investments with similar risk profiles.

(Continued)

MENLO PARK CITY SCHOOL DISTRICT
MEASURE W GENERAL OBLIGATION BONDS
NOTES TO FINANCIAL STATEMENTS

NOTE 3 – CASH AND INVESTMENTS (Continued)

Interest Rate Risk: The District does not have a formal investment policy that limits cash and investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. At June 30, 2015, the District had no significant interest rate risk related to cash and investments held.

Credit Risk: The District does not have a formal investment policy that limits its investment choices other than the limitations of State law.

Concentration of Credit Risk: The District does not place limits on the amount it may invest in any one issuer. At June 30, 2015, the District had no concentration of credit risk.

NOTE 4 – INTERFUND TRANSACTIONS

Interfund Activity: Transactions between funds of the District are recorded as interfund transfers. The unpaid balances at year-end, as a result of such transactions, are shown as due to and due from other funds.

Interfund Receivables / Payables: At June 30, 2015, \$6,534 was due to the general fund of the District.

Interfund Transfers: Interfund transfers consist of operating transfers from funds receiving revenue to funds through which the resources are to be expended. During the 2014-15 fiscal year, \$139,855 was transferred from the District's County School Facilities Fund.

NOTE 5 – FUND BALANCE

Fund Balance Classifications: Governmental Accounting Standards Board Codification Sections 1300 and 1800, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB Cod. Sec. 1300 and 1800) implements a five-tier fund balance classification hierarchy that depicts the extent to which a government is bound by spending constraints imposed on the use of its resources. The five classifications are nonspendable, restricted, committed, assigned and unassigned. The fund balance of the Bonds is restricted, as described below.

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation. These are the same restrictions used to determine restricted net position as reported in the government-wide, proprietary fund, and fiduciary trust fund statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Board of Education and
Citizens' Bond Oversight Committee
for Measure W
Menlo Park City School District
Atherton, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Menlo Park City School District (the "District") Measure W Election of 2013, Series 2014 General Obligation Bonds Activity, included in the Building Fund of Menlo Park City School District as of and for the year ended June 30, 2015, and the related notes to the financial statements and have issued our report thereon dated January 4, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over Measure W Election of 2013, Series 2014 General Obligation Bonds activity financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over Measure W Election of 2013, Series 2014 General Obligation Bonds activity financial reporting. Accordingly, we do not express an opinion of the effectiveness of the District's internal control over financial reporting for Measure W General Obligation Bonds activity financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's Measure W Election of 2013, Series 2014 General Obligation Bonds activity included in the Building Fund financial statements are free of material misstatement, we performed tests of the Measure W Election of 2013, Series 2014 General Obligation Bonds compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
