**Menlo Park City School District
and Menlo Park Education Association
Joint Presentation of Initial Proposals and Responses for
2017-2018 Negotiations**

As required by the Educational Employment Relations Act, the Menlo Park City School District (“District”) and the Menlo Park Education Association (“Association”) present the following initial proposals and responses for negotiations for the 2017-2018 school year. The current collective bargaining agreement between the parties expires on June 30, 2017.

The parties have agreed to present their initial proposals and responses jointly, and to present the proposals and responses as concepts and interests rather than as end results. The District and Association believe that an expression of interests will assist understanding, encourage clear communication between the District and Association, foster a more effective bargaining environment, and promote proactive labor/management problem-solving. In addition, the presentation of each party’s initial proposals in this side-by-side format is designed to assist the public in reviewing and assessing both parties’ initial proposals and interests, so that the public will be able to comment on the initial proposals at the public hearing on this matter.
